Dear Kusuda: 1/25/43

Shortcomings may be apparent all around. Mine were noticed by you last evening - May I mention yours. Attendance last night was quite poor and that I lay in your lap. Next time we should have a sizeable crowd - we have a good attraction. Perhaps we should consider setting the clock back to ad not

to conflict with the Young Christian Fellowship which normally is over at 7:30.

(1) We should have lecture secret many more posters around — not fancy ones that take all day to make.

(2) We should notify all advet students both through their classes and with mimeographed invitations

(3) all T.C. students likewise

(4) all Inter Collegiate Assoc. members likewise.

We have all these lists of names and addresses.

(5) Each Block Leader should be contacted (by mail if you like) and urged to announce each successive lecture.

* Lets make it clear that there is no charge for attending — that impression is still widespread.

(6) A Free Press story both Wed & Sat.

(7) Contact P.T.R and invite the English

speaking memberships

(8) Contact "Town Hall" - put poster in there - Get them to spread the word around. They will contact Block Leaders.

In a word - the success of this thing is your assignment. See that it is done!
